

F8n MultiTrack Field Recorder System Software Version History

The system software version is shown on Software Version in Main Menu.
You can always download the latest system software for free on the web site shown below.

<http://www.zoom.co.jp/>

Version 1.20

- **Released as following bug fixes in November 2018**

1. Metadata included in WAV files partially cannot be loaded by "Avid Media Composer" application.
2. Files may sometimes be overwritten in recording when "No" is selected on the "Reset Take Number" screen.

Version 1.10

- **Released as following bug fix and function update in July 2018**

1. When renaming files on SD slot 1 and SD slot 2 at the same time, an error occurs if one of the files is Mono / Stereo WAV.
2. Changed the name "Input Level" of PFL menu to "Trim".

Version 1.00

- **Released as mass production in June 2018**
