Contents

1. Introduction

Thank you very much for downloading the firmware update application for the MS-60B.

This document explains how to update the firmware for the MS-60B.

Precautions

1） **Log in to your Mac computer using an account with administrator privileges.**

2） **Before starting this application, shut down all other applications that are running. In addition, if any MIDI or audio devices are connected by USB cable to the computer you are using, disconnect them all.**
---

2. Updating the firmware

2.1 While pressing both the up and down cursor keys, use a USB cable to connect the USB connector to the computer.

The FIRMWARE UPDATE screen appears.

FIRMWARE UPDATE

Ready for
firmware update!

2.2 Double-click the firmware update application icon to launch.

ZOOM MS-60B v2.10 Updater

MIDI IN

ZOOM MS Series

MIDI OUT

ZOOM MS Series

Rescan Device

Execute   Exit

2.3 With a MS-60B, click the "MIDI IN" and "MIDI OUT" fields to open lists of MIDI devices and select "ZOOM MS Series" for both.

If nothing is shown in the fields, click [Rescan Device] button.

2.4 Click the [Execute] button to start the firmware update. The progress of the firmware update appears as a bar like this.

Do not disconnect the USB cable while the firmware is being updated.

In the unlikely event that a firmware update should fail, follow the procedures from step 2.1 to update the firmware again.

2.5 When the firmware update completes, it will appear as follows.

Click the [Exit] button to close the firmware update application. Then, turn the MS-60B power off.

This completes the firmware update.
